

About Us

Truck & Trailer Spares (NI) was established in October 2006 to meet the demands of the growing after sales market in Northern Ireland. Although new to the Northern Ireland market, Truck & Trailer Spares's staff have a wealth of experience and expertise in commercial vehicle after sales.

The company has already begun establishing a reputation for reliability and competitively priced products. All parts can be picked up at our Mallusk Road depot, or you can take advantage of our free delivery service.
